## Press Release 10

### *Smooth Sailing*

The words of the old Pirate Radio jingle that included the lyric "*It's Smooth Sailing*" haven't rung true over the last few weeks. High winds, torrential rain & heavy seas severely hampered the building of the studios, installation of the generator plant & erection of the radio mast on Red Sands Fort

But with a stupendous effort from the whole team, & some wonderful selfless help from dedicated professional friends, by Sunday evening 8<sup>th</sup> July for the first time in 40 years the Fort now boasts a superb antenna towering above the sea. With the generators fired for the first time & much back batting mugs of celebratory tea were passed around

Robin Adcroft of project-redsand said "The spirit & galvanisation of the team was something to behold, it's incredible how much has been achieved, Bob & I are so grateful to all our professional friends who've given so much to make this happen"

Red Sands Radio will be on air from on 14<sup>th</sup> July 2007 in the build up to Whitstable Oyster Festival on 1278kHz that's 235 metres medium wave

Listen on-line via [www.redsandonline.co.uk](http://www.redsandonline.co.uk)

For more information telephone 07961 601 893 which will be the Fort Phone for the duration of the programmes

*Bob Le-Roi - Programme Director*
